² When displacing natural gas, oil, propane or electric baseboard.

Signature

CUSTOMER ACCEPTANCE

I certify that all statements and information, including any attachments, made on this Application are correct, complete, true and accurate to the best of my knowledge, and that I have read and agree to the Terms and Conditions on this Application. I understand that any false, fraudulent or incorrect information on this Application or any of the attachments is grounds for nonpayment or return of any rebates, suspension or termination from future Energize Connecticut programs and may be subject to referral to applicable government agencies for further appropriate action.

I acknowledge that switching to heat pumps from fossil fuel or adding cooling when it did not exist before could affect my electric bill.

TERMS AND CONDITIONS

ELIGIBILITY: Incentives are available to Eversource or United Illuminating (UI) (“Companies”) residential electric service customers (“Customer”). **Equipment must be installed by a contractor participating in the Energize ConnecticutSM Heat Pump Installer Network.** If an existing boiler or furnace will be left in place, a qualified integrated control must be installed for heating zones where propane, oil or natural gas will remain in use. Eligible homes include existing single family and 1–4 unit multifamily structures. Please be sure to verify your model(s) at: [EnergizeCT.com/HPQPL](https://www.energizect.com/HPQPL)

Equipment Requirements: Air source heat pumps and integrated controls must be listed on the Energize Connecticut Heat Pump Qualified Product List. Refer to [EnergizeCT.com/HPQPL](https://www.energizect.com/HPQPL)

Rebate Form: This Application must be filled out completely, truthfully, and accurately. The Customer must date and submit the completed Application along with all required documentation for specific rebates and/or incentives. By submitting the rebate Application, the Customer agrees to abide by these Terms and Conditions. Program is subject to change without prior notice, including rebates and incentive levels.

Time Limit: Qualifying Equipment must be purchased and installed between January 1, 2025, and December 31, 2025. Rebate forms must be postmarked by February 28, 2026.

Payments: From the time the rebate Application is processed and approved, please allow 90 days for payment. Payment processing will take longer if information or documentation is missing. Please contact Resource Innovations at 888-855-0282 to inquire about the status of your Application.

Geographic Requirements: Offers valid only for residential electric Customers of the Companies.

Rebate Limitations: This rebate is only available to existing account holders and is not applicable to new construction projects. Installation must be completed by a participating Energize CT Heat Pump Installer Network Contractor to be eligible for rebates. This rebate is only available to residences that are occupied full time during the winter heating season. This rebate may not be combined with any other utility or energy efficiency service provider offer for the same equipment. Rebate amount not to exceed the cost of the total equipment and installation and may be subject to change without notice.

Proof of Purchase: A copy of the Customer’s invoice itemizing the purchased Equipment must accompany each rebate Application. The invoice must indicate the Equipment make and model numbers, installation date and address, total install cost, and proof of payment.

Approval and Verification: The Companies reserve the right to conduct field inspections to verify installations prior to payment. Failing to complete an inspection when selected will result in forfeiting your rebate.

Tax Liability: The Companies will not be responsible for any tax liability that may be imposed on the Customer or contractor as a result of the payment of rebates.

Endorsement: The Companies do not endorse any particular manufacturer, product, system design, or technology in promoting these offers.

Limitation of Liability: The Companies and their rebate administrator’s liability is limited to paying the rebate and incentive specified. The Companies and their rebate administrator are not liable for any consequential or incidental damages or for any damages in tort connected with or resulting from participation in these offers.

Liability and Release: As part of the consideration for participating in the program, Customer and/or contractor hereby releases and shall indemnify, hold harmless, and defend the Companies, their affiliates and member utilities and energy efficiency service providers, and the rebate administrator from any and all claims, losses, harm, costs, liabilities, damages, and expenses (including attorneys’ fees) of any nature whatsoever arising directly or indirectly out of or in connection with the installation of the equipment at the premises or any material and labor required for such installation.

Warranties: THE COMPANIES DO NOT WARRANT THE PERFORMANCE OF INSTALLED OR SERVICED EQUIPMENT, EXPRESSLY OR IMPLICITLY. The Companies make no warranties or representations of any kind, whether statutory, expressed, or implied, including, without limitations, warranties or merchantability or fitness for a particular purpose regarding the equipment or services provided by a manufacturer or vendor. Contact your contractor for details regarding equipment performance and warranties.

Electric Benefits: Other than the energy cost savings realized by the Customer, the Companies are entitled to 100 percent of the benefits and rights associated with the energy-efficient measures, including, without limitation, ISO-NE products and all other attributes, credits, or products associated therewith under any regional initiative or federal, state, or local law, program, or regulation, and Customer waives, and agrees not to seek, any right to the same.
