

Multifamily Direct Install Contractors

ENERGIZE CONNECTICUTSM

The following list of contractors have met utility criteria* for the direct installation of energy-saving light bulbs, water-saving measures in dwelling units, and air sealing in dwelling units, attics and basements.

Customers are able to utilize any contractor of their choosing for the installation of other energy-saving measures such as insulation, common area and exterior lighting, HVAC equipment, and windows. Customers are encouraged to obtain multiple contractor proposals to ensure they are receiving a quality installation at competitive prices.
